"We are experiencing a tremendous uptick in our leasing, acquisition and disposition practices," said Hans A. Lapping, shareholder and chair of the firm's Transactional Department. "Xavier has tremendous experience in each of these areas, particularly in complex, high-end retail and office leasing, two of the areas where we are seeing the greatest growth."

Gutierrez earned his undergraduate degree from the University of California, Davis and his law degree from the University of Southern California Law School. He is admitted to practice in California and is a member of the International Council of Shopping Centers and speaks and writes frequently on landlord/tenant and commercial leasing issues.

"Xavier is originally from the Bay Area and was looking to return and work with a premier real estate firm that provides him with a platform that would allow him to continue to develop his practice," said Anthony M. Leones, Miller Starr Regalia's managing shareholder. "Xavier strengthens the breadth and depth of our transactional department and we are thrilled to have him on board."
