Gene is the Chairman Emeritus of Miller Starr Regalia and has been instrumental in the firm's growth. His experience as a transactional and litigation attorney, mediator, and Certified Public Accountant enables him to advise and represent clients in many roles on a variety of real estate and commercial matters.

Gene's practice includes the representation of clients in all aspects of real property and business transactions including, purchase and sale documentation and representation before public agencies. In addition, he has extensive experience in entity formation, mergers, acquisitions, and joint ventures. Gene's background as an accountant provides proficiency and assistance in entity formation and in structuring transactions. His experience as both a transactional and litigation attorney has allowed him to expand his representation into an alternative dispute resolution practice in which Gene both represents clients in mediation and acts as a mediator in complex matters.

Gene served as Chairman of the firm from 1985 through 2011 and helped foster the firm's growth and emergence as California's preeminent real property law firm.

Gene is currently pre-occupied with spoiling his granddaughter. He remains an avid sports fan and is suffering through some difficult seasons with the Chicago Bears and the Fighting Illini.
